Your Light Future Proof

Immaginate un'azienda capace di studiare soluzioni illuminotecniche completamente **su misura** per i vostri progetti. Un **know-how** all'avanguardia nella **tecnologia LED** che vi garantisce qualità, sostenibilità, efficienza in ogni situazione.

Un **unico gruppo** composto di dipartimenti specializzati per rispondere a qualsiasi esigenza progettuale, con una qualità **100% italiana**.

Insieme a Linea Light Group, ogni vostra idea può vedere la luce.

*Imagine a firm studying fully customised lighting solutions for your projects. Advanced **know-how** in LED technology that ensures quality, sustainability and efficiency in every situation.*

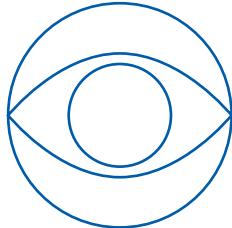

A unique group, made of specialised departments, able to deal with any project need and guarantees **100% Italian quality**.

Together with the Linea Light Group, all your ideas will see the light.

Diphy - Menzione d'Onore ADI Compasso d'Oro Award 2018
Diphy - Honourable Mention ADI Compasso d'Oro Award 2018

See the Difference

Il successo di Linea Light Group nel mondo dell'illuminazione si basa su valori reali che fanno la differenza: **esperienza e innovazione, visione internazionale e sartorialità tipicamente italiana, tecnologia all'avanguardia e precisione artigianale.**

Una filosofia che affronta la complessità del mondo in cui viviamo per ricercare, sviluppare e realizzare **soluzioni** lontane dai luoghi comuni, **in armonia** con l'architettura, la natura e le persone.

L'idea del progettista concretizzata in un **prodotto di qualità e duraturo nel tempo.**

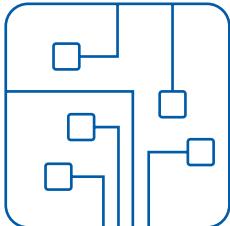

*The success of the Linea Light Group in the lighting market is based on real values that make the difference: **experience and innovation, a global outlook** matched with typical Italian craftsmanship, cutting-edge **technology** and artisan precision.*

*This philosophy is facing the challenging complexities of the world in which we live in order to research, develop and implement **original solutions** that are in a **harmonious** relationship with architecture, nature and people.*

The idea of the designer** materialized in a **high-quality, long-lasting product.

Pioneering Technology

Un DNA chiaro e caratterizzato dalla capacità di scoprire, ricercare e testare senza sosta **soluzioni e tecnologie innovative.**

Linea Light Group è stata **tra le prime realtà in Europa a specializzarsi nella tecnologia LED**, risposta perfetta alle esigenze di efficienza energetica, efficacia nell'illuminazione, fedeltà dei colori e versatilità in ogni situazione.

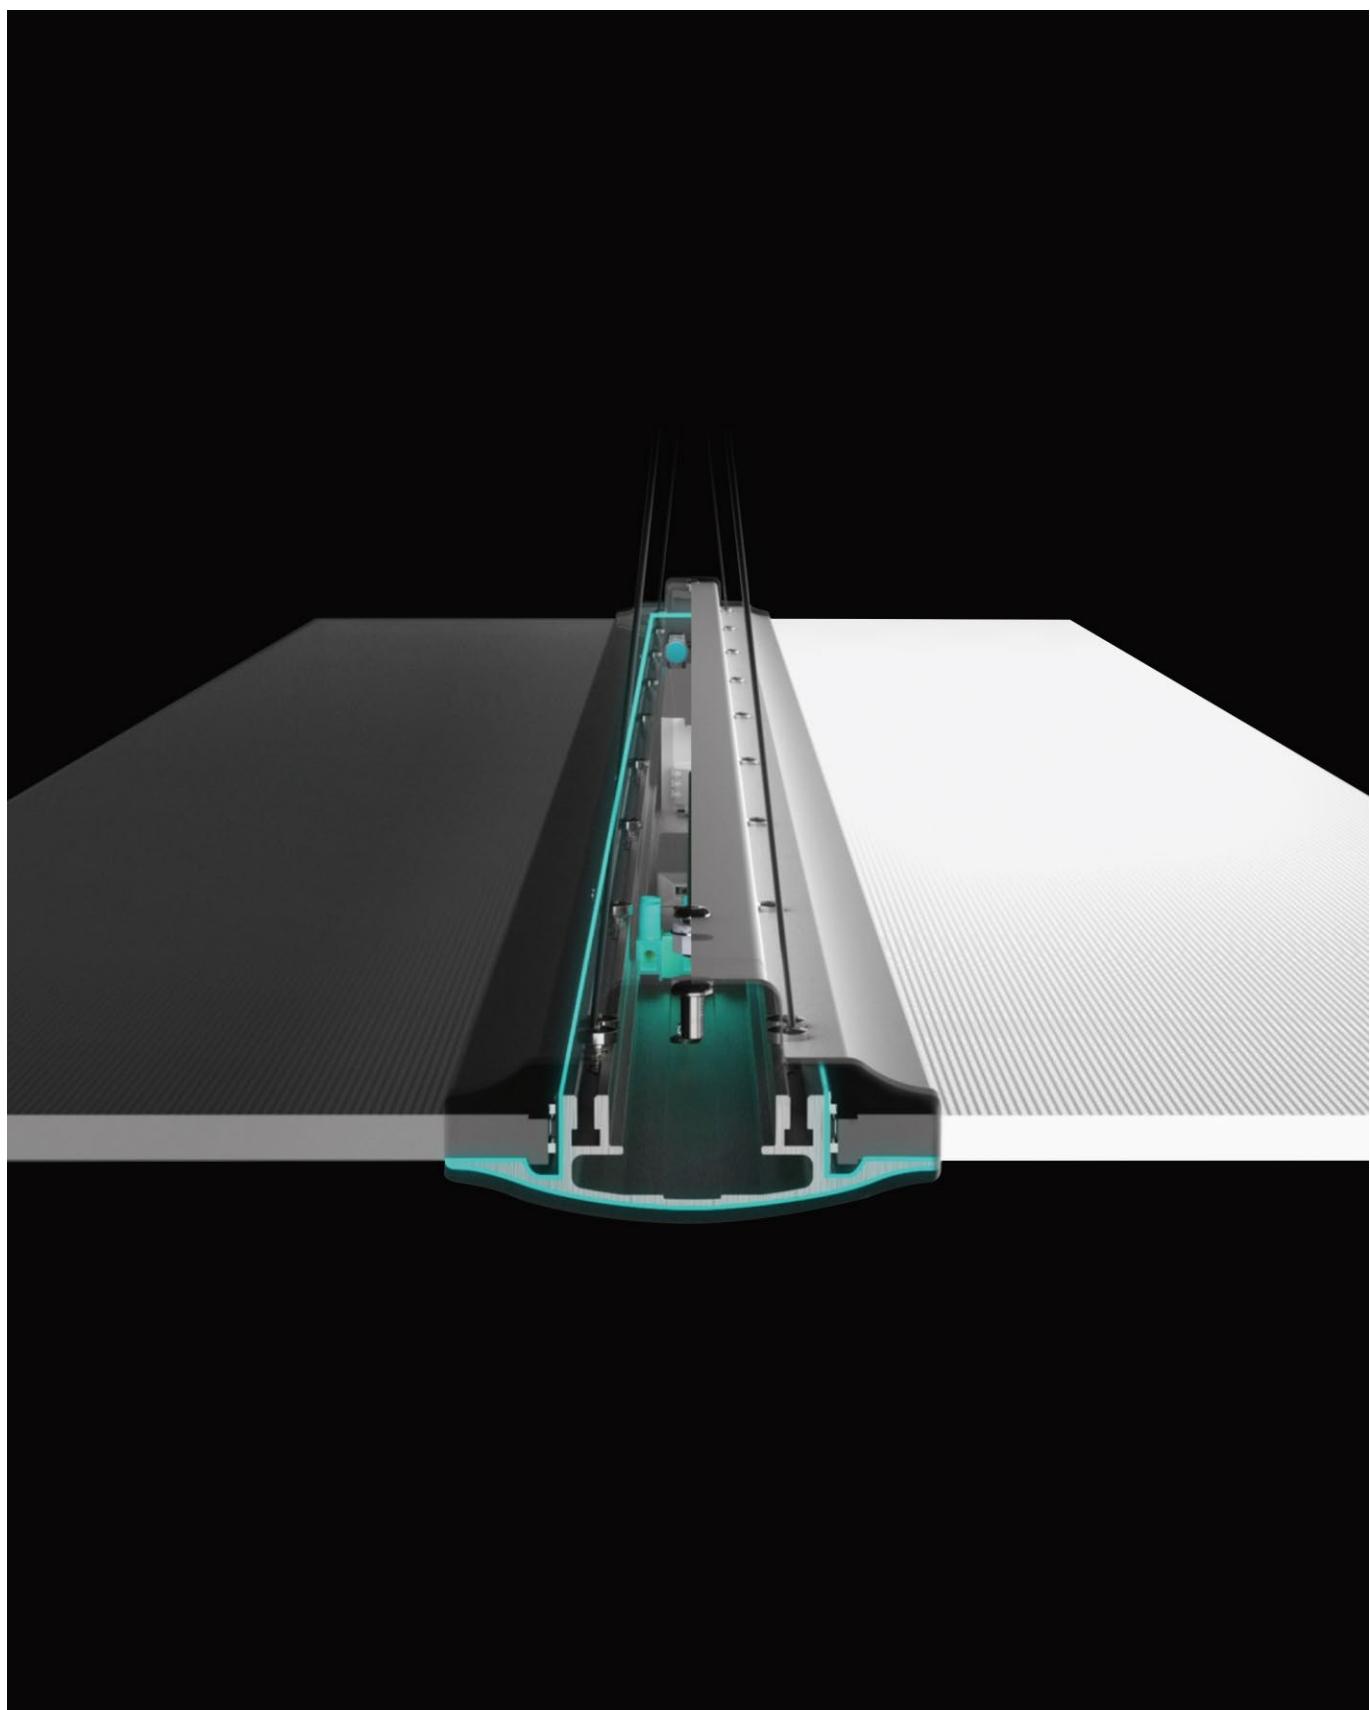

Tutte le idee si concretizzano in **applicazioni integrate** dall'elettronica alla meccanica, dall'ottica al design: ogni singolo componente viene concepito in funzione della sorgente e realizzato per garantire la resa ottimale del prodotto finito.

*A clear imprint, characterized by the ability to discover, research and test **innovative solutions and technologies.***

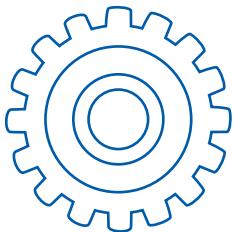

*The Linea Light Group was **among the first companies in Europe to specialise in LED technology**, a perfect response to energy and lighting efficiency, color fidelity and versatility in every project.*

All ideas come true in integrated applications spacing from electronics to mechanics, from optics to design: every single component is designed starting from the source and manufactured with a view to achieving optimum performance of the finished product.

Opti-Light™ technology

Visible Values

Linea Light Group ha scelto di concentrare i propri stabilimenti in Italia, in continuità con la propria tradizione e con i valori di qualità e ricerca tipici del migliore **Made in Italy**.

Dal **1976** ad oggi, l'azienda si è evoluta acquisendo sempre maggiori conoscenze e competenze: una **crescita consapevole** supportata dall'elevato **know-how tecnologico** e dalle costanti **intuizioni** che hanno permesso di anticipare le nuove tendenze, in linea con le esigenze del mercato.

Tutto questo in un **processo completamente interno**, dalla selezione rigorosa dei diodi, alla realizzazione dei semilavorati, all'assemblaggio ed alla logistica, coinvolgendo centinaia di persone altamente professionali e motivate, con una flessibilità organizzativa e capacità di personalizzazione del prodotto riconosciute a livello mondiale.

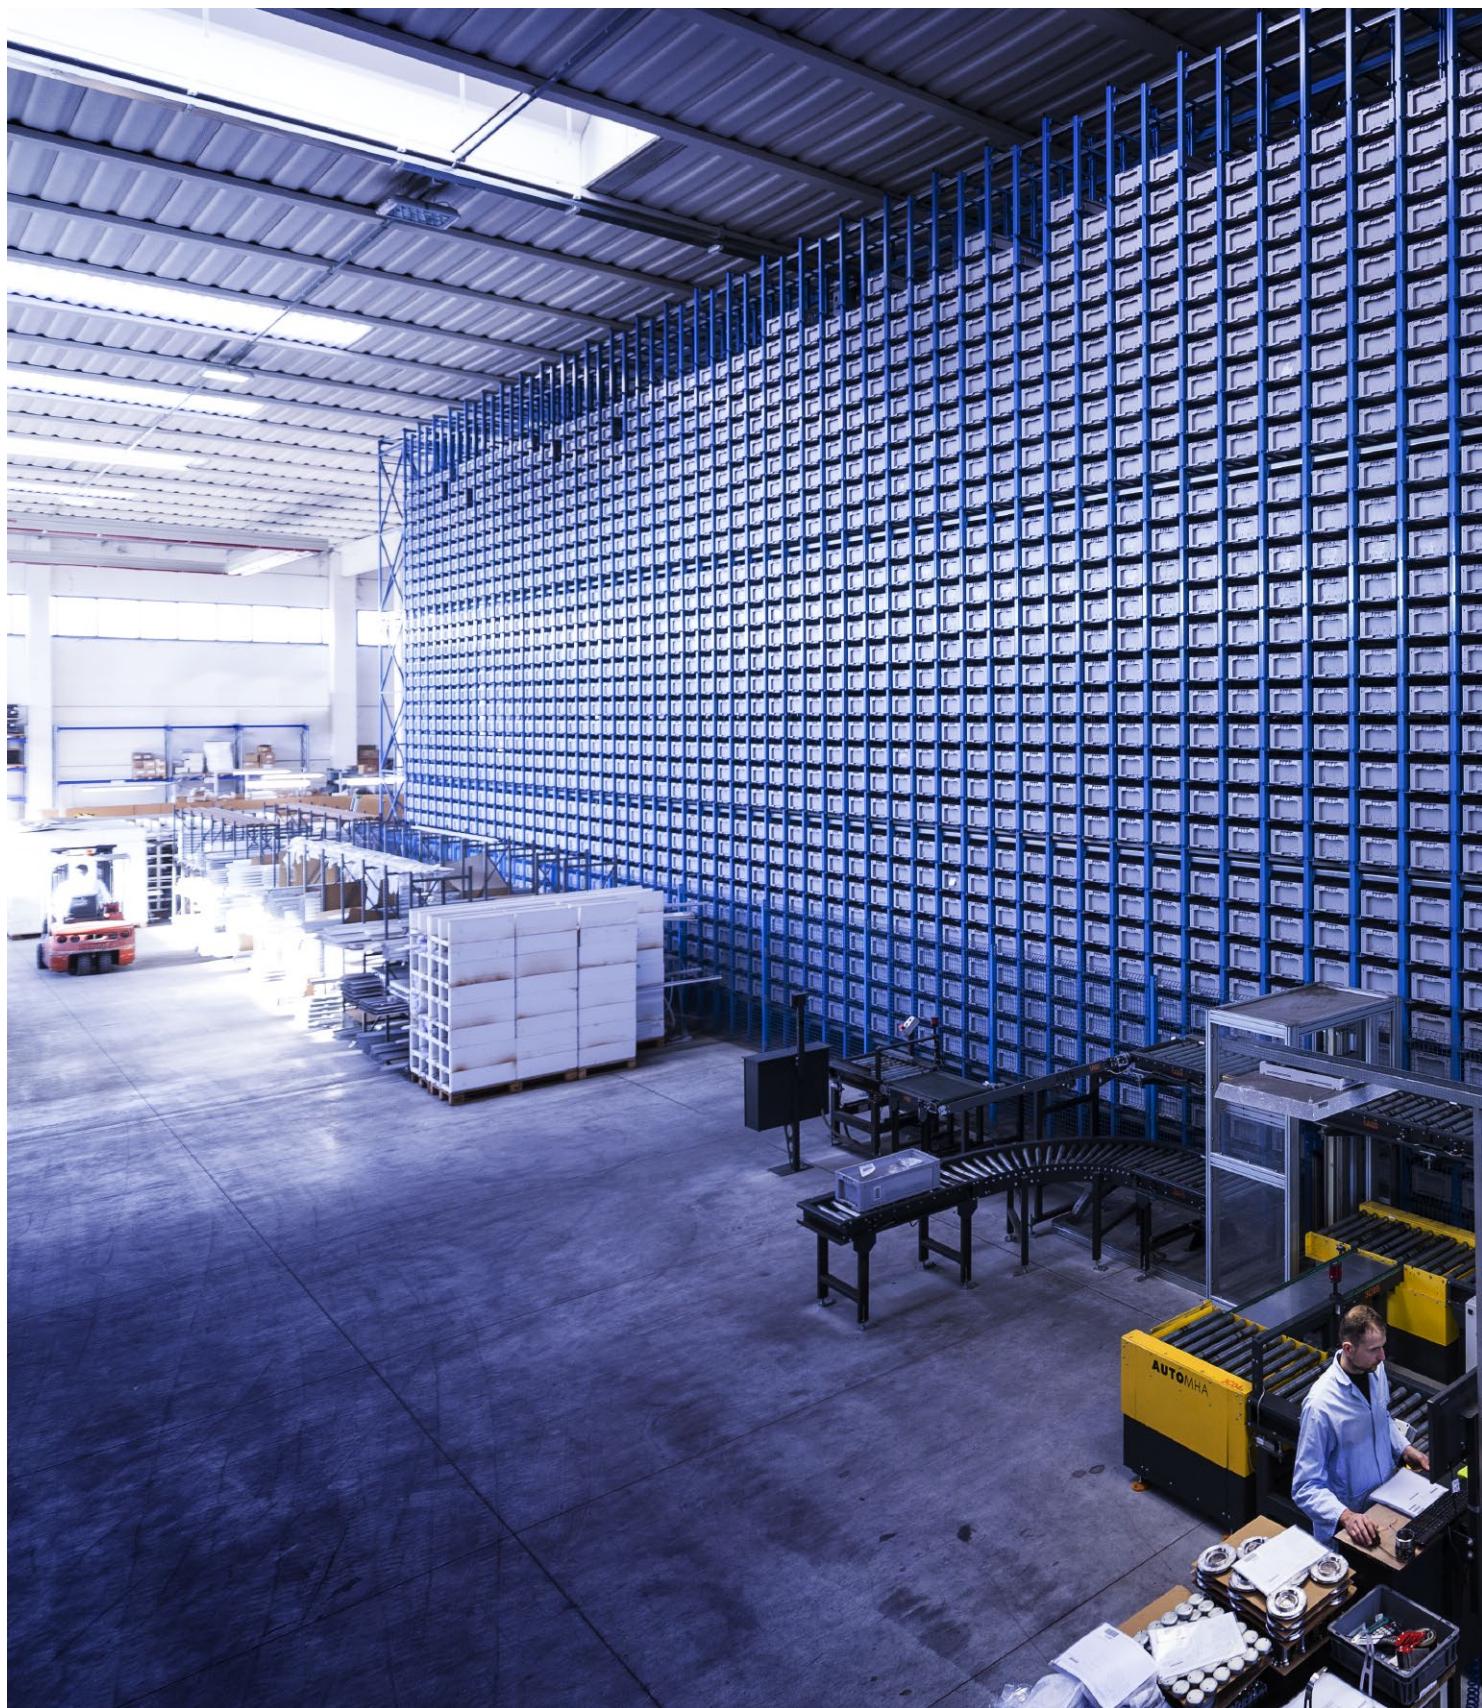

The Linea Light Group has chosen to keep its main factories in Italy, thus continuing to uphold its tradition and the values of quality and research typical of the best "Made in Italy" manufacturing.

*Since its inception in **1976**, the Linea Light Group has evolved by gaining more and more knowledge and expertise: a **conscious growth** supported by the constant insights that made it possible to sense in advance the **new trends in technology** and in the market.*

*All this in a process entirely carried out **in-house**, from the rigorous selection of the diodes, to the manufacture of semi-finished parts, to assembly and logistics, involving hundreds of highly professional, motivated people with organizational flexibility and the ability to customise products that is widely acknowledged across the globe.*

Creative Reality

In un'epoca in cui le idee sono vincolate a logiche di produzione e standardizzazione, Linea Light Group è riuscita negli anni a sviluppare un approccio al mercato volto a dare massimo respiro alla fantasia, restituendo il potere della **creatività** a chi progetta, in ogni modo, con ogni mezzo.

Reparti specializzati lavorano in sincronia per ottenere un prodotto **altamente tecnologico** e **performante**: 85 persone sono dedicate alla **ricerca e sviluppo** e seguono ogni aspetto dall'**ingegnerizzazione** del prodotto alla **prototipazione**, dalla progettazione delle **ottiche** ai **rilevi fotometrici**.

*In an age when ideas are bound to production and standardization logic, the Linea Light Group has succeeded in developing a **market-oriented approach** to give maximum breath to **fantasy**, returning the power of creativity to designers, with every means possible.*

*Specialized departments work in sync to achieve a **technological high-performance** product: 85 people are dedicated to the **R&D department** and follow every aspect from **product engineering** to **prototyping**, from **optics design** to **photometrics** analysis.*

Electronic Heart

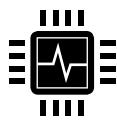

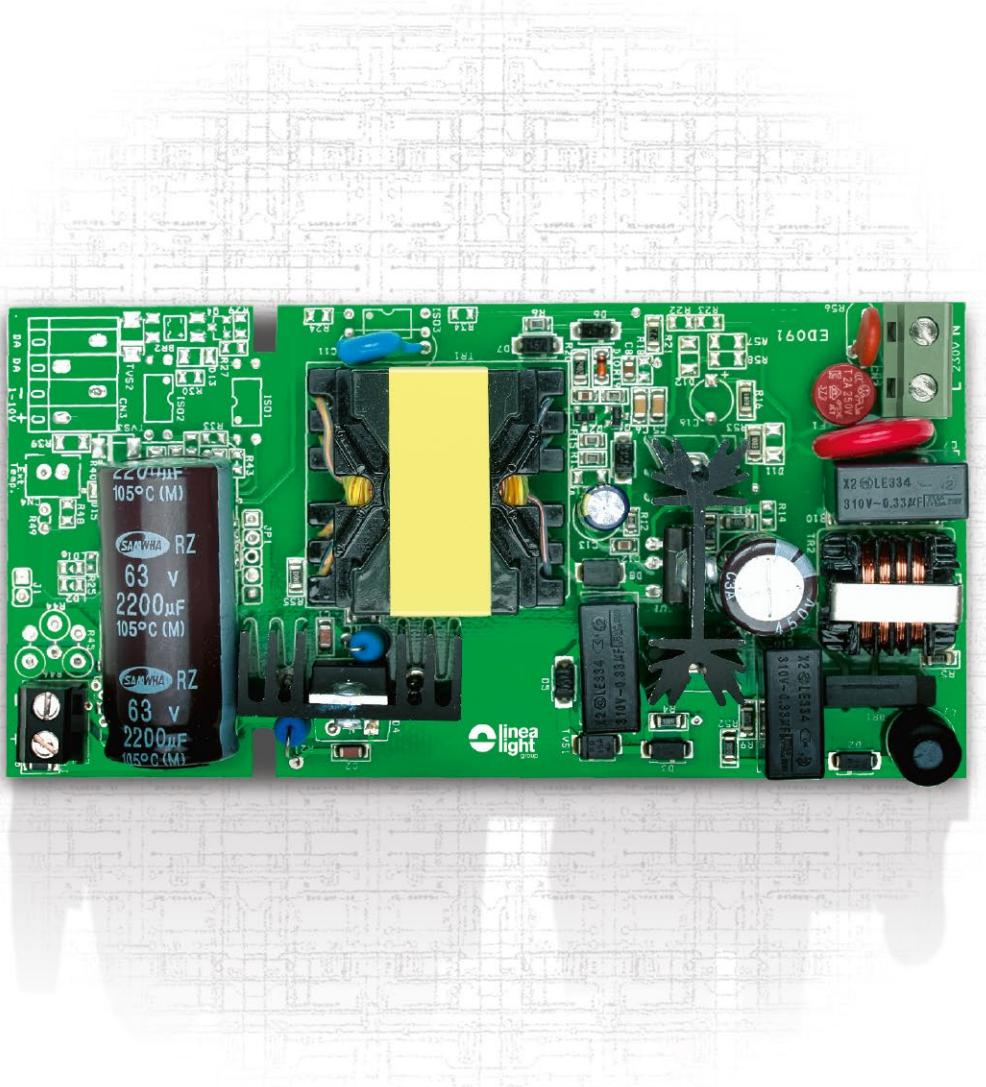

L'elettronica, cuore pulsante di ogni apparecchio tecnologico all'avanguardia, è centrale nel campo del LED e, dunque, nello sviluppo dei progetti Linea Light Group. Questo perché, nonostante le straordinarie capacità di adattamento mostrate da questa tecnologia, un **circuito realizzato ad hoc** permette di enfatizzare al massimo la qualità luminosa dei diodi scelti, in relazione alle necessità illuminotecniche per le quali la lampada viene pensata e progettata.

Compatibilità, sicurezza, prestazioni: una triplice eccellenza che permette di garantire prodotti sicuri ed efficienti.

*The core element of each state-of-the-art technological device, the electronics play an essential role in LED technology and consequently in the development of all of the Linea Light Group's projects. This is because, despite the adaptability that characterises this technology, a printed **circuit board designed** for a specific product allows us to maximise the quality of the diodes selected in relation to the lighting requirements for which a luminaire is designed.*

Compatibility, safety, performance: a threefold excellence that enables us to offer safe and efficient products.

Step by step

Linea Light Group associa la produttività e la tecnologia di una grande azienda moderna, con la **possibilità di offrire soluzioni custom**.

Un dipartimento è interamente dedicato alla progettazione di prodotti e sistemi su specifica, alla creazione di componenti elettronici speciali, alla personalizzazione del design e delle finiture degli chassis, fino alla logistica.

Grazie a questa architettura industriale così unica, possono nascere infinite soluzioni per l'illuminazione.

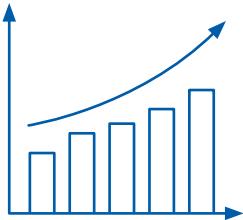

*The Linea Light Group combines the productivity and technology of a large modern company, with the **possibility to offer custom solutions**.*

An entire department is dedicated to the design of custom products and systems, the creation of special electronic components, customization of design and chassis finishes, and logistics.

Infinite lighting solutions are the result of this unique industrial architectural approach.

Global presence

Italian excellence

Linea Light Group si è distinta per un approccio al mercato attento alle peculiarità e alle esigenze dei partner locali in un'ottica "Think Global, Act Local", puntando alla connessione delle aree e al servizio curato su distanze ridotte.

Oggi Linea Light Group è un'azienda con una **forte presenza internazionale**: ha creato da un lato hub in USA e Far East per garantire un servizio produttivo localizzato, dall'altro filiali e uffici commerciali interconnessi tra loro e distribuiti nelle principali aree del mondo.

Una **rete capillare** sempre al fianco dei propri partner ovunque siano i loro progetti, in grado di garantire una copertura globale e offrire un servizio personalizzato e puntuale.

The Linea Light Group has been distinguished by a careful approach to the market peculiarities and needs of local partners in a "Think Global, Act Local", focusing on connecting areas and service at reduced distances.

*Today Linea Light Group is a company with a **strong international presence**: it has created hubs in the US and Far East to ensure a localized production service and, at the same time, branches and commercial offices interconnected and distributed in the main areas of the world.*

*A **widespread network** that is always close to its partners wherever their projects are, able to ensure a global coverage and offer a personalized and timely service.*

Lightspeed Evolution

1976

Fondazione di Minulamp srl specializzata nella realizzazione di componenti per lampadari.

Foundation of Minulamp srl specialised in the manufacture of components for lighting fixture.

1985

Nasce Linea Light srl, realtà dedicata alla produzione di apparecchi per l'illuminazione.
Foundation of Linea Light srl, a company dedicated to the production of lighting equipment.

1989

Presentata la prima collezione decorativa di Linea Light.
The first Linea Light decorative fixtures collection is presented.

1994

Nasce il marchio Träddel per l'illuminazione architettonica.
With Träddel brand, production is extended to buildings lighting.

2000

Träddel presenta il primo downlight a LED.
Träddel presents the first LED downlight.

2001

Nasce i-LèD per l'illuminazione professionale e architettonica tramite tecnologia LED.
i-LèD is launched: products for professional and architectural lighting with LED source.

2005

Viene istituito il dipartimento di elettronica che ad oggi conta oltre 50 persone tra ingegneri e tecnici.
The electronics dept is established, today has over 50 people including engineers and technicians.

2008

Introduzione del protocollo di gestione DMX512 per il controllo dell'illuminazione di scena nell'industria dello spettacolo.
Launch of the DMX512, a management protocol originally used in stage lighting.

Introduzione della tecnologia Dynamic White per la gestione della luce. Nasce per il settore retail come alternativa ai filtri colorati.
Introduction of the Dynamic White technology for light management. It is used in retail to display goods without the need of coloured filters.

2010

Nasce MA&DE Material & Design, una linea di prodotti di pregio, alta tecnologia, ricerca estetica e funzionalità.
Launch of the MA&DE Material & Design collection, a range of products of top quality materials, cutting-edge technology, design and functionality.

ClearShield, tecnologia per apparecchi da esterno.
ClearShield, technology for external fixtures.

TVS: Transient Voltage Suppressor, circuito di protezione del LED.
TVS: Transient Voltage Suppressor, LED protection circuit.

Viene inaugurato il Light Village: 1400 m² di esposizione ad uso commerciale e direzionale.
Inauguration of Light Village: 1,400sqm-display area with spaces for hosting meetings and events.

2012

FullHD: applicazione di LED con resa cromatica CRI95.
FullHD: a LED application with CRI 95 colour rendering.

Opti-3: sovrapposizione di tre pannelli in PMMA con texture differenti.
Opti-3: three superimposed PMMA panels with different textures to ensure optimum light diffusion.

2014

SmartWave: una nuova serie di alimentatori che eleva il livello di performance e durata.
SmartWave: a new series of drivers with a higher level of performance and durability.

2015

Opti-light: pannelli in PMMA microserigrafato al laser per un'elevata diffusione della luce con un ottimo comfort visivo.
Opti-light: micro-laser engraved PMMA panels allow extensive light diffusion achieving great visual comfort.

Linea Light Group è parte del consorzio DALI, con la possibilità di certificare i propri apparecchi.

Linea Light Group is officially part of the DALI group and is able to certify its own products.

2016

Warm Tune: una serie di arrayLED che rievoca la sensazione della lampada a incandescenza.
Warm Tune: a special arrayLED series evoking the atmospheres of the incandescent lamp.

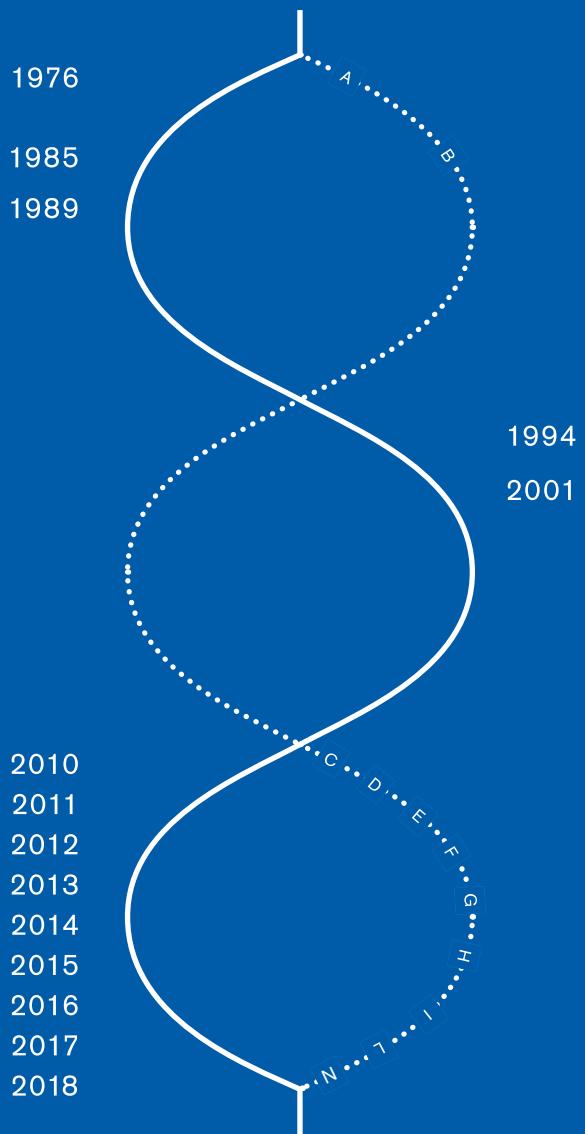

Defender: sistema di protezione dalle sovratensioni per scariche indirette di tipo T3.
Defender: Overvoltage protection system for T3 Type indirect discharges.

2017

UltraHD: applicazione di LED con resa cromatica CRI 98, evoluzione del CRI 95.
UltraHD: LED application with CRI 98, evolution of the CRI 95.

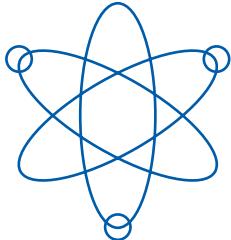

Eye WiFi : sistema wireless di gestione della luce, con sensori che regolano la luce per illuminare solo dove e quando serve.
Eye WiFi: Wireless light management system, with sensors adjusting the light in order to illuminate only when needed.

TM-30: diodi di ultima generazione per garantire la corretta saturazione degli elementi illuminati.
TM-30: latest generation diodes that improve colour separation ensuring the right saturation of illuminated objects.

One reality Infinite solutions

Linea Light Group è un insieme unico di **realità specializzate nei diversi ambiti che compongono l'universo dell'illuminazione, indipendenti e coordinate allo stesso tempo.**

Una formula che consente di creare soluzioni complete e originali, in qualsiasi contesto.

Dai sistemi integrati per grandi edifici residenziali o pubblici, all'illuminazione per esterni o in immersione.

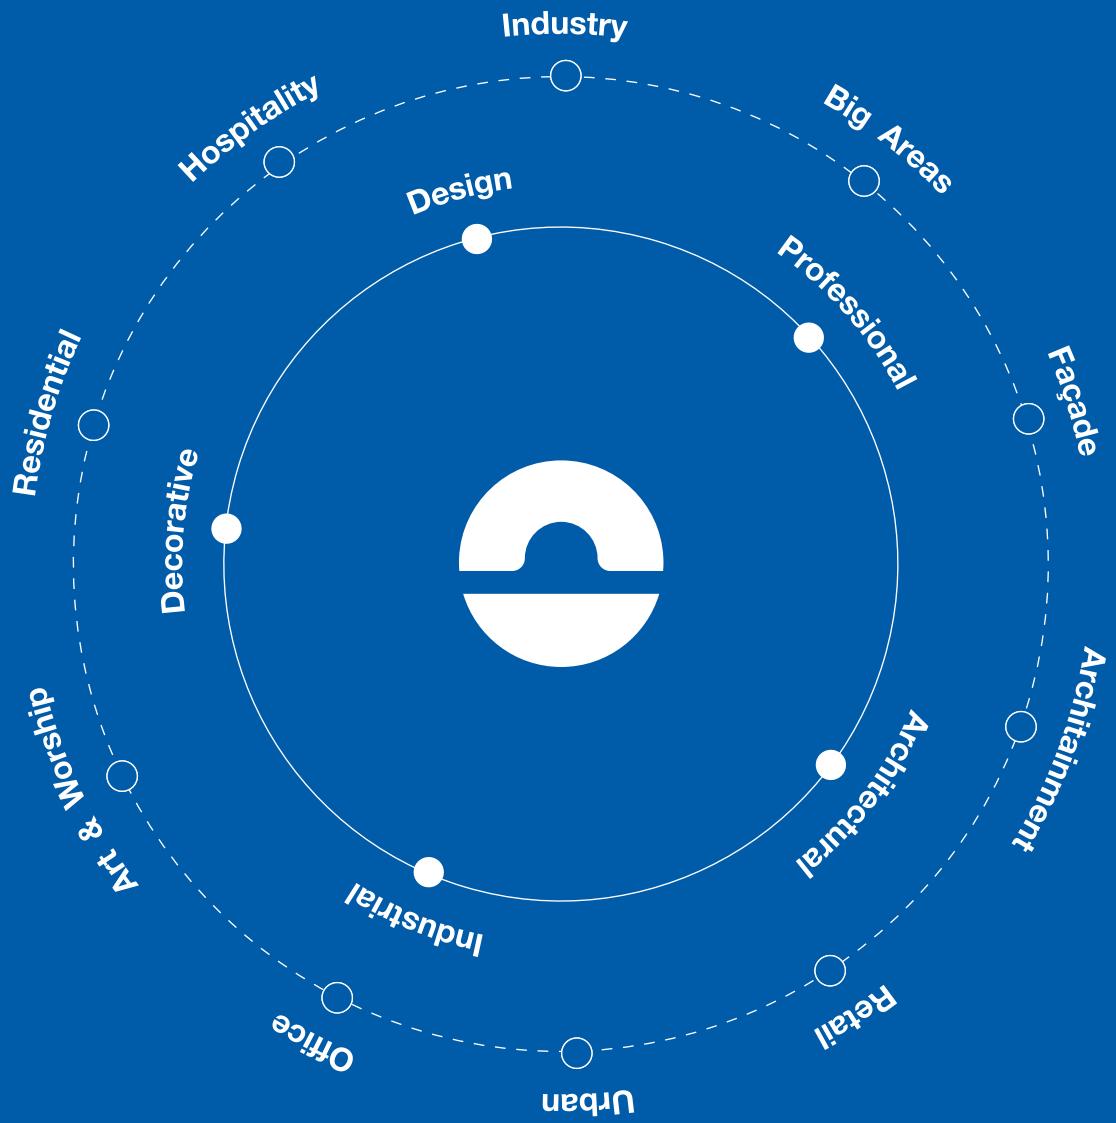

Dagli ambienti domestici, agli spazi commerciali, industriali, istituzionali e collettivi.

*The Linea Light Group is a unique group of **entities specialising in various fields of the lighting industry that are independent but coordinated at the same time.***

A formula that allows to create complete and original solutions for any architectural context.

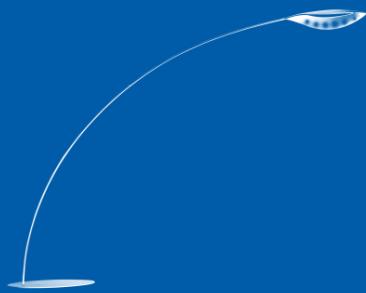

From integrated systems for large residential or public buildings, to lighting solutions for outdoor or underwater environments.

From domestic settings to commercial, industrial, institutional and collective spaces.
